

National Geographic Bee Schedule

Our first practice was successful and the youngsters who attended came to the consensus that Mondays, Tuesdays, and Thursdays after school work best for the majority of them so our schedule reflects that. Realizing that every student will not be able to make every practice, I would encourage the participants to try to attend at least six (6) of the eleven scheduled practices. The last four will be practicing the format of the actual competition. The more you practice, the better you will do! I look forward to working with the students during the next three months.

Practices will be held at the Algona Middle School in Room 24 upstairs from 3:30-4:15.
